Red Wing Community Education and Recreation

Summer 2020 Youth Enrichment Classes

Scratch® Coding Animation, Ages 8-14
Youth Enrichment League
During this online class participants will learn basic and intermediate coding techniques with Scratch®. Students will be introduced to the vital field of coding and learn how to use movement blocks, loops, control blocks, and other basic coding for animation. Students will be given a Scratch® user account. More details will be sent on how to join the class. Students can share their code online with other Scratch® kiddos, and they can keep it in their own account. Because this is an online class we will need a parent name and email address and will be sharing this information with Youth Enrichment League, as they will be emailing class information to the parents directly prior to the class.
M-Th, Jun. 22-25
9:10 AM
$38 for 4 classes
Online on your own device

 Magical 1, Ages 7 - 11
Youth Enrichment League
Amaize your family and friends with prestidigitation and legendarium (magic tricks... that is). Students will use common household items (deck of cards, paper clips, pencils, etc.) to learn and perform magic tricks. Get ready to wrench the internet with awareness! Instead of asking for your kids to do their own projects, where the focus is on hocus-pocus! A full list of necessary items will be sent prior to the first class along with instructions on how to join the class. As this is an online class we will need a parent name and email address, along with sharing this information with Youth Enrichment League, as they will be emailing class information to the parents directly prior to the class.

 Varsity Builders Camp, Gr. 1-5
Youth Enrichment League
For engineers and builders ready for a challenge using LEGO® bricks! We’ve saved our most challenging engineering projects for this summer camp. Students build a robotic DogBot, a motorized BugBot, geared up Racer and a scary Bat...all challenging for any confronted with the challenge of LEGO® bricks. Students then use these projects (and more) to investigate engineering concepts. We keep it fun with open ended, creative projects for the students. Students will make, take home and learn about our most challenging and intermediate coding techniques with Scratch®, with the help of our certified instructors, The Queen Diva of all Stage Size. Auditions for Prairie Fire Children’s Theatre
The Golden Age of Hollywood comes to life in this over the top version of the classic tale. Set on a movie set in the 1930’s, everything that can go wrong does! Auditions for Prairie Fire Children’s Theatre
The original musical adaptation of Sleeping Beauty, Entering Gr. 3-8
Prairie Fire Children’s Theatre
The Goldilocks and the Three Bears. Come have fun exploring the local natural areas around Red Wing. Learn about wildlife, plant life, and how our actions impact our environment. Create projects to take home and receive activities to do with your family at home! A transportation waiver will be emailed prior to the class and can be returned at the first class. Class size is limited, register today! W-Th, Aug. 11-12
9 AM-3 PM
$30 for 2 classes
RWHS-J108

Destination Mars: Rocketry Course, Gr. 2-5
Youth Enrichment League
Launch and watch your very own rocket speed 300 feet into the air! Then it is yours to take home. Students will make and take home multiple rockets of varying difficulty throughout the session. We will use these rockets and airplanes to investigate basic aeronautical concepts including: propulsion, thrust, lift, drag and more. We will also hypothesize about travel in outer space, how to get a United States astronaut to Mars and life on Mars. Do you have the right stuff? Please visit YouthEnrichmentLeague.com for more information. Participants will be asked to bring 2-2 liter soda bottles (empty) to class during the session. Class fees include an $18 material fee. If you see this class is full and there is a waiting list, please put your name on the waiting list as class sizes have been set for current social distancing numbers (less than 10). There is no payment required to be on the waiting list.

Project Runway, entering Grs. 4 - 8
Youth Enrichment League
Sweet summer projects! During this in person hands on camp, participants will create a dress, tie-dye top, blouse, headband and more. No experience necessary. Students will make, showcase, and take home all their projects. Hand and machine sewing techniques are taught with a fun first in mind. The final day is a showcase where friends and family are invited to see the projects in action as they walk the sidewalk outside of Red Wing High School. Sign up today to THINK, LEARN and PLAY WELL with YEL!. All supplies provided. Sewing machines we will shared by the same 2 students each day in class and machines will be disinfected between each student at the end of each day of use.

SUMMER READING PROGRAM

Monday, June 29 – Monday, August 24

Read and win! Register for children’s, teen, and adult summer reading, as well as all-ages themed reading challenge cards, and track your reading online using Beanstack, our new, interactive log program. Available as an app for your phone or tablet or online in your browser. Participants earn virtual badges, real-life prizes, and tickets into end-of-summer drawings for gift cards as they read. For more information, go to redwing.lib.mn.us.

VIRTUAL STORY TIMES

Live streamed on the Red Wing Public Library Facebook page.

**Story Time with Percy**
Wednesdays in June and July, 10:30 AM

**Story Time with Jack**
Thursdays in June and July, 10:30 AM

LEGO CLUB 2.0

Summer Lego Club is here! Weekly build challenges posted Mondays! Build your creation, name it, and submit a photo or video. Builds are collected in a digital display case on Friday afternoons. For kids going in to grade 2 and up. Go to https://redwing.lib.mn.us/lego-club-2-0/ to find out more.
